

What days and times are best for you?

Commit to a schedule. Even if you only have 15 minutes that day, it will add up quickly.

Monday

Tuesday

Wednesday

Thursday

Friday

Saturday

Sunday

Morning

Noon

Early Evening

Late Evening

Illustration

If you spend 15 minutes **3** times a week in the morning and late evening, that's **6 hours** of learning each month!

Telling us your goals will help you find the best courses to take. If you'd like to explore Treehouse without setting any goals right now, you can also **skip this survey**.

Can you put your best foot forward?

One last thing.

Learning a new skill isn't always easy, but you'll be glad you did it.

This optional step may seem silly, but we find those who do it tend to see success.

I, , am making a commitment to myself to learn a new skill.
